## From the President:

Well the first show has been run and won. Congratulations to Lisa with Diva on winning Champion Junior Pinto and Diane and Zorro winning Senior at Burnie Ag. Also a big congrats to Jess Berwick on Sally at their second only show under saddle this combination won Reserve Champion ridden after a bit of a hiccup at the start and some help from another well known Pinto showie Jess was able to enter her ridden classes and I am sure she would like me to pass on her thanks. It was great to see a good roll up for the Burnie Ag who haven't held Hi Point classes for Pinto's for some time and a few returns to the ring of Mia's Little Ripa and Beryl and Bogolong Dragon Heart and Jan. The ground was a little boggy and you had to watch where you were running but it was a really nice ground and a good atmosphere. With a few adjustments to their program this show will be a great addition to the list.

My new colt made his debut to the ring at Burnie, very naughty but first show so hopefully will settle down at the next one and I can catch up with some more members both old and new.

On another note the Pinto Society are running a raffle with first prize being donated by Mr Ed Tas a 2 bar float pack, comprising of 6 panels plus hangers for float, 2nd prize is an electronic electric fence tester donated by Thunderbird, 3rd prize donated by Quantum Savvy and David and Sandy Simmons is 3 DVD's in the Trek and Train series by Quantum Savvy, 5 audio cassettes from John Lyons and a book Veterinary Care for the Perfect Horse also by John Lyons. Tickets cost \$2 ea or 3 for \$5 Booklets of 10 tickets are available from me, by either dropping me an email with your postal addie or giving me a call contact details at front of newsletter and I'll send you a booklet out. Raffle will be drawn at our State Show on the 1st of Feb at Westbury. **Tickets are due back to me 2 weeks prior to the show with the closing of the show entries.**

Also please take the time to read the Show Co Ordinators report. We have had a few changes and these may effect you and your Pinto. All members get a newsletter so no excuse for not knowing about the changes.

We are also looking at a saddle up program where you the rider get rewarded for the amount of hours you ride your Pinto. We are still ironing out some details but keep your eyes out for that one.

**Got an email address????** Don't forget to keep us informed of any changes. We do send out emails from time to time to keep you up to date and informed. Also don't forget you can get all your forms and info needed from our website **[www.freewebs.com/taspintosociety](http://www.freewebs.com/taspintosociety)**

Are you a Member of another group holding an event that Pinto members might be interested in? Don't forget to let us know, we get to join in and you get more people there.

For all members that own Pinto Mini's or 8.2hh & Under it was decided at our recent meeting to hold a special section just for you at our State Show!!! Not only do you get to enter the 10.2hh & Under classes but also the 8.2hh & Under section as well. Champion Pinto 8.2hh & Under will win a Trophy and Sash. So there has never been a better time to get those small ones out there or get them registered and have a go.

Well thats all from me for now I'll leave you to enjoy reading the rest of your newsletter. Can't wait to see some more of those Pinto babies. Hope they all arrive safely.

See you at the Shows!!! Cheers Melita

# From the Show Co-ordinator

## The following report contains changes you all need to know about.

Here we are at the start of another year and yes we will bore you with the things you need to know and some things that have been changed or that are going to change, so **PLEASE READ CAREFULLY!!**

**NEWCOMER** ; This year Newcomer will remain the same as we have previously advised you all BUT next season ie; from June 1st 2009 Newcomer will be redefined, so you need to be aware of this NOW. Next season in an attempt to get more horses out in the ring our Newcomer will be similar to other societies . It will be a horse that has not been shown under saddle in any ridden event at any funday, gymkhana, show ect anywhere prior to June 1st of the showing season. The only exceptions to this will be hores/ponies used for Topsy or beginner ridden and improver classes that you do not canter in. In other words once you have competed in the open arena or breed arena in any event that will be your newcomer year, so please if your new horse is out this year under saddle enter the newcomer class, you are eligible to enter it all year until the 30th May, no matter if you have won the class or not. Any queries ph Melita or Diane.

**SUPREMES** ; It has been decided because of the inconsistency at which supremes are offered at shows that breed or section supremes will no longer be counted on ANY card, whether it be white, yellow or green. Supremes of show will still be counted but not breed or sections so please be aware of this. This is to make it fairer as many shows do not offer equal opportunity.

**GREEN CARDS** ; These cards are for your events that are non pinto events, ie. any other event you enter. This year as a trial we are going to offer a separate award for led and ridden. Please use the same card but you must hi light the led events on the card so they can be counted separately. Ridden horses must compete in at least 2 diciplines. Remember a horse cannot be shown under saddle with us until the Jan of its 2 year old year.

We offer many hi point awards so please fill in your cards, if you are not sure, give us a call and we will try and help you. You must use the right card for the right section and NO two horses etc on one card etc. We will not count them.

We also offer ROM certificates at various stages as your horse reaches different levels of points, so even if you think you won't win a prize there is always something to work toward.

### ROM'S - HOW THEY WORK

At the recent meeting we talked about ROM's and the committee came up with a few idea's.

We have changed the Led ROM by decreasing the amount of points needed to achieve a Lifetime Achievement ROM to 500 Points (gold) Ridden Roms have also decreased and we have changed them to a lifetime achievement at 500 (gold) as well. We worked out that on average points a horse would have to be in its late twenties and have been consistantly showing to reach the 1500 that was originally set.

The OPEN has not been changed and lifetime is still 1500. As these points come from all area's its is far easier to achieve. Once a horse has reached a Lifetime Achievement they receive no further ROM's.

Points for Led and Ridden ROM's come from ALL Hi Point shows no matter how many you go to from Hi Point classes only and are counted from your white for the Led and yellow cards for the ridden.

Points for Open ROM come from your green card.

We have split the green card into 4 divisions. Junior Handler Led only and Senior Handler Led only. Led Open classes are anything your horses compete in that is not a Hi Point class. Participants must high-light their Led classes on their green cards.

Junior Performance must compete in 2 disciplines under saddle and Senior Performance must compete in 2 disciplines under saddle. This could be a Hack class and a games day for example. Cross country and Show Jumping, Western and Dressage, Trail and Harness there are plenty. Open Performance is anything other than Hi Point Ridden classes.

You must have a card for each horse and handler/rider combination. Please do not put two horses or two handlers on the same card they will not be counted.

Hope this helps make it a bit clearer. Cards are available from Diane Johnston or Lynn Rayner and cost \$2.50 each. Good luck in the coming show season.

# Upcoming Shows List

I am attempting to put a list together of the hi point shows that are known at this stage. There may be an addition or two throughout the season, which you will receive notification of in enough time to be able to have a chance to enter. Please remember that the correct classes must be on the program for it to be counted as a hi point show, if you notice variations please contact Diane or Melita.

## Anawa Performance Horses

### Anawa Ti Amo

Born 16th September, 2008  
Sire: Anawa Mahuska (chestnut tobero)  
Dam: Aberdeen Mikany (black solid)

The first foal for me this season and boy he's going to be a hard act to follow! Ti Amo is everything that I and his eagerly anticipating new owner Lani of NSW were hoping for - colour, size, temperament and stallion quality. Ti Amo is already very people friendly and bold and will be going to join Lani at weaning for a future as a high level Eventer and Stud Horse, Lani already has her heart set on 2016 Olympics and I can't wait to do everything I can to help them fulfill this goal . . .

## Damristal Stud

Born 8th September, 2008  
Sire: Damristal Diablo (buskskin solid)  
Dam: Damristal Precious (tobiano)

Helen is proud to announce the safe arrival of a beautiful buckskin and white tobiano filly. Helen reports that she is very pleased with what Devil is throwing so far with a palomino colt and a buckskin tobiano filly. This filly will be offered for sale. Contact Helen for details. 6330 2497

## Zintahn Pinto Stud

### Zintahn Aurora

Born 10th September, 2008  
Sire: Alliewag Dances with Wolves (bay tobiano)  
Dam: Roxy Hart (buckskin tobiano)

Aurora was born 2 weeks early on the day I had the removal truck coming to move all my furniture and belongings to my new property! I had moved the pregnant mares 7 weeks prior to moving to the new property and was checking them every day before work. I knew Roxy was close so checked her twice that day, and again after work at 1.30 am. She had a small amount of clear wax so I thought I still had at least half a day up my sleeve! I rushed back to my other property to finish packing a few loose ends, got an attack of the guilts at about 4am and came back to check on Roxy. I arrived at approx 4.30am and found a palomino and white filly on her feet on the other side of the fence. It was raining and dark and Roxy had foaled as far away from the house as possible! Talk about dramatic! Anyway, luckily my new stables had been finished about 5 days prior. I walked the filly down, put her in the stable, went and fetched mum and all is well that ends well. I am extremely happy with this filly and think that Dancer and Roxy are a well matched pair.

### Zintahn Casanova

Born 12th October, 2008  
Sire: Alliewag Dances with Wolves (bay tobiano)  
Dam: Free Spirit Camelot (chestnut tobiano)

Camelot kept me on my toes with this young man. She was in 1st stage labour for 3 days and I was getting a bit worried about her, she seemed to be having trouble getting him in position. I had the vet on stand by just in case she had trouble and luckily I had Louise McNear with me when she did eventually foal as I would not have been able to get him out on my own. A whopping big colt foal with legs that go on forever. He again is a beautiful cross of both sire and dam. To say I am rapt with my stallions 1st two foals is a huge understatement, I could not be happier.

Dam: Free Spirit Scarlett O'Hara (palomino tobiano)

Free Spirit Pinto and Part Arabian Stud welcomes our first foal for the season: He is a chestnut and white tobiano with a solid build, straight legs, striking unusual markings and a lovely Arabian head like his dam. He should mature around 14.3 -15hh.

## BCP All Dolled Up

Mark had a feeling that Dolly (Clairveaux Ima Doll Q-58333) was going to foal but everyone else thought she had at least 3 wks to go but sure enough on the 7th September, we were shocked to see an extra set of pally legs in the paddock. This special little filly is the first foal by Acclaims Focus On Me Q - 52683 ever and we are very impressed. The filly, recently named Mouse, is a big foal considering it is Dolly's first foal but without our help, Dolly had and cleaned her and she is extremely healthy. We can't wait to see if she grows into her legs!t there,

## Anawa Performance Horses

Joylene has submitted a photo of Anawa Interlude at his first ever competition. They attended a learner's ODE and entered the 60cm bearing in mind he had hardly done any jumping or real flat education due to his age and immaturity. Joylene reports that, just like his dad, he pulled a dressage score of 68.8% out of nowhere, went clear xc and just pulled one rail show jumping - by which time he was very tired. He won the training class out of 20.

What an achievement!

## BearClaw Park

BCP would like to introduce their new Paint stallion, Western Invader to the Pinto community! Bob, as he is known at home, stands at 15.3hh. He is a chestnut overo. His impeccable breeding is like no other. His sire, Western Express (imp NZ) and his dam, Yellow Rose give this beautiful boy something extra.

Bob, only being a 6yr old, is extremely mature for his age and we are positive he will pass this quality into his babies. Bob is demonstrating exquisite movement everyday and we look forward to showing him this coming season.

Bob is standing at public stud this season and we are confident that he is going to put gorgeous, quality, and quiet foals on the ground which is what we are trying to achieve with our stud.
